Filipino Europeans Remaking the Past, Shaping the Future

COMMON DIVERSITIES 2

**Filipino Europeans
Remaking the Past
Shaping the Future**

What does it mean growing up between cultures, across borders, and within communities spanning the globe?

This vibrant collection of essays, stories, and reflections dives deep into the lives of second-generation Filipinos and diasporic voices navigating identity, activism, and connection in a globalized world.

Building on the pioneering volume of “Common Diversities Junge Filipin@s im deutschsprachigen Raum”—which amplified the voices of young Filipinos in German-speaking countries—this new anthology expands the conversation. From childhood memories and cultural creativity to political engagement and entrepreneurial spirit, these contributions explore how Filipino Europeans reshape the meaning of home, heritage, and belonging.

Whether you are part of the diaspora, curious about transnational experiences, or passionate about community and culture, this book invites you to reflect, relate, and reimagine. It is a celebration of resilience, creativity, and the power of stories to connect people.
